

Notice of traffic management, A422, Westbury

March 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. You can sign up for regular updates in your local area at www.hs2inbucksandox.co.uk.

What are we doing?

In early April, BT will be carrying out utility diversions along the A422. These diversions are required to facilitate the construction of the new A422 permanent overbridge that will carry traffic over the new HS2 railway.

To do this safely, we will introduce temporary traffic management on the A422 in the form of multi-phase traffic.

We will be monitoring the timing of the lights as well as the traffic flow on the A422. Where practical, we will make improvements and adjustments to the lights as required. To reduce the impact to road users, traffic lights will be in use during off peak hours of 9am-3pm and 8.30pm-5.30am.

Once the new A422 Overbridge is constructed, these utilities will be permanently rediverted across the bridge. The permanent diversions of these utilities are expected to be carried out in 2025.

When will these works take place?

A section of the A422, near Westbury, will have off-peak traffic management, in the form of two-way traffic lights, for approximately four weeks beginning in early April. These traffic lights will be in operation between the hours of:

- 9am-3pm
- 8.30pm-5.30am

Where works allow, we will remove traffic management when it is not required.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
