Notice of traffic management, Radstone Road and B4525, Welsh Lane

June 2024 www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What we are doing?

In early July, National Grid Electrical Distribution will be carrying out trial holes along the Radstone Road and the B4525, Welsh Lane, for a proposed cable route from Brackley Grid Substation, located along Radstone Road, towards Greatworth.

In order to reduce our impact on the local area, these works will be carried out under rolling two-way traffic lights. As works progress, the traffic lights will be moved up the road each day and during peak hours they will be manually operated.

When will these works take place?

There will be rolling traffic management along Radstone Road and the B4525, Welsh Lane, from Monday 8 July to Friday 26 July between 8am and 6pm. On Saturdays, traffic management will be in place between 8am and 1pm.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk
