

Cllr Dermot Bambridge Report to Syresham Parish Council 26th June 2024

Change in Leader and Cabinet

Since my last visit, WNC has had its annual meeting and following the resignation of the former leader, Jonathan Nunn, there have been changes in the Cabinet

Former deputy leader Cllr Adam Brown was elected Leader and Cllr Matt Golby became deputy leader. There have been a few changes in responsibilities among the rest of cabinet but mainly they remain unchanged.

Planning

I checked with Daniel Callis Major Projects Officer this morning and he is in the process of preparing DHL, Bell Plantation and the Truck Stop for the committee but has no date yet for when that meeting will be held but it should be sooner rather than later. The next meetings of the Strategic Planning Committee are 16th July and 13th August.

Dangerous chimney

Last month I received a letter from a Syresham resident concerned about a dangerous chimney on 17 High Street (opposite the Post Office) and sent me photos. I forwarded this to the safety officer who passed it on to Planning Enforcement on the 8th May, the same day that I received the letter. I am chasing James Willoughby to find out what they have done about it.
